

Building a Healthy Home

WHAT'S A HEALTHY HOME?

What is a healthy home? Of course, you know this already

Improved Air Quality

- Low VOC
- Airtightness
- Ventilation

Comfortable

- Constant temperatures
- Quiet
- Secure

Peace of mind

- Value for money
- Knowledge that you're doing the right thing
- Ongoing maintenance

AN EXAMPLE OF A HEALTHY HOME

Richmond Healthy Home

Richmond Healthy Home

WHAT ARE WE WAITING FOR?

- Expertise and products exist
 - Consumer demand exists
 - Benefits are multiple
 - Carbon
 - Comfort (and health)
 - Cost
 - As an industry, we need to be delivering solutions for our clients without waiting for the Government (or anyone else to support us)
-
