

AECB

www.aecb.net

Set up 1989. Independent – funded by members. The AECB is the largest and oldest sustainable building organisation in the UK. Focusing on the built environment – and the impact of design and construction activity on the social and natural local, national and global environments - it seeks to act always in the wider public interest and support its members doing the same.

The AECB:

- set up the Passivhaus Trust as a subsidiary company
- is a Founder Partner of the Retrofit Academy
- is a Founder Member of the National Refurbishment Alliance
- sits on the Steering Group of the STBA
- has nominated members to represent AECB on committees and technical groups

- 1,150 members
- Collectively employing about 8,500 people with a combined turnover in the region of £300 million per year
- Members in Australia, Canada, Croatia, Iran, Japan, New Zealand, Nigeria, Spain, USA & the Republic of Ireland

The UK Passive House Organisation

AECB's subsidiary company, the Passivhaus Trust is successfully mainstreaming Passivhaus.

Current members include: 28 Founder Members, 15 Patron Members and 250 'Standard' Members. Members include: Wilmott Dixon, Kingspan, Knauf and St Gobain. Hastoe Housing are members.

The larger size of member companies compared to AECB members means the turnover of Passivhaus member companies is collectively several £billion/yr.
